

Braddock Implementation Advisory Group At-Large Positions

Vacancy Replacement Process

The Braddock Implementation Advisory Group (IAG) was established by the City Council in January 2009 to partner with staff in implementing the recommendations of the 2008 Braddock Metro Neighborhood Small Area Plan. The group plays an important role in providing feedback on implementation priorities and projects. The 20 members include representation from the following areas:

- Residents of the Braddock Road Metro Station Small Area Plan Area, who have experience or interest in areas of importance to the plan, such as historic preservation, schools, transportation, parks, housing, urban design or community activism (6)
- Braddock Lofts Homeowners Association (2)
- Inner City Civic Association (3)
- Northeast Citizens Association (1)
- Retail Representative (1)
- Local/Small Business Representative (1)
- Area Developer (2)
- Public Housing Liaison, including Alexandria Redevelopment and Housing Authority representative (2)
- Non-Profit/Church Representative (1)
- Architect /Historic Preservation/ Design Expert (1)

When there is a vacancy from a civic group, the respective civic group selects a new representative to the Braddock IAG. When there are vacancies among the “at-large” slots – those that represent an interest but not tied to a group – the IAG agreed on a replacement process during an IAG business meeting on November 7, 2012. The process involves the following:

1. City staff will initiate a public process to solicit nominations (via E-News, project webpage, other public outlets).
2. Nominations are to be accompanied with an application and a resume or biography of the nominee.
3. City staff will compile a list of nominees from the nomination submissions.
4. City staff will provide the slate of nominees to the IAG, along with their application materials, and request feedback during an IAG business meeting.
5. City staff will forward the list of nominees, their application materials, and the IAG’s comments to the City Manager.
6. The City Manager will select the replacement from the nominees and appoint the replacement to the at-large vacant slot.

Effective: November 7, 2012
